EXPERIENCE :

INDUSTRIAL TRAINEE - E-COMMERCE AND DIGITAL MARKETING JULY 2025 - OCTOBER 2025

Asian Secrets Sdn Bhd | Kuala Lumpur, Bangsar, Malaysia

- Maintained and analyzed sales records using Microsoft Excel to support reporting and operational decisions
- Consolidated sales data from E-commerce platforms (Shopee, Lazada, Amazon) into monthly performance reports
- Monitored product performance and contributed to market analysis for pricing and profitability
- Assisted in evaluating sales trends and inventory levels to support planning
- Created promotional materials and digital marketing campaigns using Canva and Capcut.
- Studied Search Engine Optimization (SEO) to simplify company contents, improving site speed, and building brand awareness.

ACADEMIC & TECHNICAL PROJECTS :

REVIEW AND ANALYSIS OF POST-QUANTUM SEARCHABLE ENCRYPTION SCHEMES 2025 - 2026

Final Year Project | Multimedia University

- Evaluated post-quantum searchable encryption schemes using comparative analytical frameworks.
- Compared security models, computational complexity, communication overhead, and scalability.
- Synthesized findings into structured comparison tables and research recommendations.

DATA STORYTELLING : JOB RECRUITMENT SCAMS 2025 - 2026

Job Recruitment Scams Analytics Dashboards

- Designed an interactive dashboard to visualize recruitment scam trends.
- Transformed raw data into intuitive visual reports that enabled viewers to quickly interpret the findings.
- Used data storytelling principles to communicate analytical insights effectively to both technical and non-technical audiences.

CLOUD-BASED BOOKSTORE WEB APPLICATION 2025-2026

Technologies: AWS (EC2, RDS, VPC, ALB, Auto Scaling, MySQL, Apache, PHP)

- Deployed a multi-tier bookstore web application on AWS using EC2 and Amazon RDS
- Configured VPC networking, security groups, and database migration to improve security and system architecture
- Implemented Application Load Balancer and Auto Scaling to enhance scalability, availability, and fault tolerance.
- Collaborated in a team to design, deploy, and document the cloud infrastructure.

INTERNET MARKETING STRATEGY FOR COFFEE E-COMMERCE BUSINESS 2026 - PRESENT

Technologies: Wix, Canva, Marketing Research, Digital Marketing

- Developed a comprehensive internet marketing strategy for an online coffee business, covering market research, customer segmentation, and competitive analysis.
- Designed an e-commerce website and created promotional content to support brand awareness and customer engagement.
- Applied business analysis techniques, including STP, and marketing mix to recommend data-driven marketing decisions.
- Produced digital marketing materials and promotional videos for multiple online platforms.
